INSTALL/DISMANTLE & LABOR REGULATIONS

Labor/Union Laws

Nevada is a “right-to-work” state. Full-time employees of the exhibiting companies may set up their own exhibits. Union Labor, however, is available to assist in the installation and dismantling of exhibit booths. Exhibit labor, freight and rigging labor, electricians and plumbers can be arranged for at established rates, using the providers’ order forms. Exhibitors may not operate or utilize any type of powered or mechanical equipment.

Union exhibit labor claims jurisdiction for the installation, dismantling, and first cleaning of prefabricated exhibits and displays when this work is done by persons other than company personnel. They may be employed by completion of labor forms enclosed in this manual.

Union Labor is not required to put your products on display, to open cartons containing your products, nor to perform testing, maintenance, or repairs on your products.

If, however, you hire any labor to assist you, it must be through the Official Contractor or a contractor which meets all the regulations as an Exhibitor Appointed Contractor. More information on Exhibitor and Official Services rules and regulations can be found [here](#).

Forklifts

Forklift labor is an exclusive service provided by Freeman.

Tipping

Tipping is expressly prohibited. This includes such practices as giving money, merchandise, or other special consideration for services rendered. Any attempt to solicit a gratuity by an employee for any service should be reported immediately to Freeman.

A full, detailed list of tasks exhibitors can and cannot complete within their booth are listed [here](#).

It is strongly recommended that all exhibitors review and understand the [Mandalay Bay Convention Center Building Rules & Guidelines](#) as well as the [Las Vegas Fire Marshal Regulations](#) for specific policies and procedures that directly pertain to your booth design and demonstration plans. For more information specific to the Mandalay Bay Convention Center, please contact their exhibitor services department **(855) 408-1349**.

Safety

Fire Marshal Requirements & Permitting

Please reference the [Las Vegas Fire Regulations](#) for Fire Marshal requirements.

OSHA Regulations

All exhibitors and hired third-party contractors, must comply with environmental laws and OSHA regulations.

Cleaning

Clean Floor Policy

Mandalay Bay Convention Center is the exclusive booth cleaning contractor for International Fastener Expo 2024. ***Please note: your booth will NOT automatically be vacuumed the night before the show opens unless services are ordered through [Mandalay Bay Exhibitor Services](#).***

Empty cartons and cases must be removed from your booth. Cartons may NOT be stored behind curtains or in your booth. The Freeman Service Center will provide “empty crate” stickers to affix to boxes, cases, and crates. Freeman will store and return them to your booth at show closing. The policy will be strictly enforced by Show Management and the Las Vegas Fire Marshal. Should exhibitors have cartons and cases they need to access throughout the event, Accessible Storage is a service provided by Freeman upon request that allows an exhibitor to access their materials in a Fire Marshal approved designated area. Accessible Storage can be purchased through the Freeman Exhibitor Services desk on-site.

Excessive/Bulk Trash, Booth & Material Abandonment

Exhibitors promoting giveaways from their booths which generate excessive trash are required to order porter service for their booth. Note these giveaway items do not include food and beverage sampling. Booth cleaning services can be ordered through [Mandalay Bay Exhibitor Services](#).

Exhibiting companies are **required to make cleaning and labor arrangements for booth materials dismantle and/or removal**. It is expected and required that all the exhibiting material be removed at the end of the show.

It is not appropriate for bulk material to be left in the aisles during move-in or left behind during move-out. Any bulk trash which consists of display materials, carpet, padding, crates and/or pallets will be disposed of and charged both a handling fee and disposal fee during exhibitor move-in.

Excessive booth materials and/or literature left in the booth at the end of the published exhibitor move-out that is not labeled for an outbound shipment will be considered abandoned and deemed as trash. The exhibitor will be charged for the removal and disposal of these items. Charges may include Installation & Dismantle Labor, Forklift & Rigging Labor, and/or Dumpster Fee. The exhibitor will be charged for the removal and disposal of these items.

Show Management and the facility is NOT responsible for the recovery of abandoned materials that are left in and exhibitor's booth past the move-out dates and times as published.

Care of the Facility

It is understood that exhibitors shall neither injure, nor mar, nor in any manner deface the premises. No bolts, screws, hooks, or nails shall be driven into or otherwise attached to the walls or floors of the exhibit areas.

No part of the display may be attached to or otherwise secured to the columns, drapery backdrop or side dividers. Decals or other adhesive materials shall not be applied or affixed to the walls, columns, or floor of the exhibit areas.

All curtains, draperies and decorations made from textiles of combustible fibers or other flammable materials must be flame proofed in the manner approved by all applicable jurisdictions.

Exhibitor shall promptly pay for any and all damages to the facility, booth equipment or the property of others caused by the exhibitor or any of its employees, agent's contractors or representatives.

DONATIONS

Exhibitors wishing to donate product may make arrangements to do so before the conclusion of the show at the Mandalay Bay Exhibitor Services center. Booth and display materials should not be left as donated materials.

EXHIBITOR APPOINTED CONTRACTOR

NEW: An Exhibitor Appointed Contractor (EAC) is a company or contractor hired by the exhibitor who is not an employee of your company or of an official show contractor. EACs are most often independent installation & dismantle companies but also include supervisors, technicians, photographers, audiovisual, floral, furniture, flooring, and any other contractors who are not the official contractors of the show but provide a necessary service at show site for the Exhibitor.

International Fastener Expo recognizes that exhibitors may have unique needs or partnerships with vendors other than our official partners. Therefore, we support this choice as long as the EAC conforms to the show and venue Rules & Regulations and carries the required insurance coverage.

With the increasing number of EACs have come numerous added expenses. These expenses include legal costs resulting from increased liability claims, exhibit hall damage, excess cleaning charges, extra administration costs for wristbands, contracting, insurance tracking, etc. Rather than passing on these added costs to exhibitors, we have implemented an administrative fee payable by the EAC. Each EAC hired by an Exhibitor must be authorized to work in the Las Vegas Convention Center, agree to all rules & regulations, provide a Certificate of Insurance (COI) with the necessary coverages, and will be assessed a fee. An administrative fee of \$300 must be submitted for each booth location the EAC is providing services and/or products for. The fee applies to all contractors regardless of the service they provide (labor, supervision, products, services, etc.).

To review the information on the [EAC Process](#) follow the link.

Exhibitors using an installation/dismantling contractor (I&D), and or an exhibitor appointed contractor (EAC) to set-up or teardown their exhibit, must complete the EAC form by August 11, 2024.

Complete this form - COMING SOON! only if you are using the services of an outside contractor to install or dismantle your display. Please fill out the form completely.

EACs will NOT be allowed on the show floor unless all the requirements are satisfied:

- EAC must complete all required documentation via the online EAC portal - COMING SOON!
- EAC must submit a valid Certificate of Insurance (COI) with the required coverage via the online EAC portal
- EAC must agree to the Rules & Regulations outlined in Exhibitor Service Kit along with the EAC Rules & Regulations.
- EAC must pay an administrative fee required for each booth location; payment will be submitted via the online EAC portal. Payments are NON-REFUNDABLE.

Should you have any questions regarding the process, please email info@fastenershow.com.

Exhibitors are required to keep all booth activities within the confines of their exhibit space and not interfere with aisle traffic flow or access to neighboring exhibits. Activities may not disturb neighboring booths. Demonstrations, booth giveaways and literature must directly relate to the exhibiting company product, business or mission and not be offensive in any manner.

Exhibitors are required to conduct themselves and operate their exhibit so as not to annoy, endanger or interfere with the rights of others at the show. Unsportsmanlike, unethical, illegal, or disruptive conduct, such as tampering with another party's exhibit or engaging in corporate espionage is strictly prohibited.

Any exhibitor sampling products will need to submit a sampling form to the exclusive food and beverage vendor for review and to Show Management for acceptance or rejection. The distribution of food and beverages must be within the exhibitor's allotted space. Any violation could result in fees, the removal of product from the show floor and/or obligatory discontinuation of booth activities.

ASCAP, BMI, and SESAC are three authorized licensing organizations that collect copyright fees on behalf of composers and publishers of music. - Do not leave valuable exhibit materials or proprietary information under tables or behind displays when the show is closed, or your booth is unattended.
- Always staff your booth during show hours (required).
