IFE 2023 ATTENDEE JOB TYPES

IFE 2023 ATTENDEE TITLES

"This is our first show as a distributor, and so far the show has been really cool. I'm learning something new at every booth. We've been able to cover all the categories among these exhibitors. I would definitely come back to IFE."

- Justin Riccardi, Lord And Sons

“We’ve been exhibiting for many years at IFE and we continue to gain business. We would have to travel for days or even weeks to see the customers that we are able to see in just one day here at IFE. We see more decision makers at IFE than we do at other shows. The decision makers want to be here and they show up.”

— Heidi Volltrauer, Volt Industrial

WHAT TO EXPECT AT IFE 2024

“We’ve been to three trade shows recently, and IFE has been the busiest. It’s a good place to meet up with distributors. Our customer base is industrial and we find those distributors here. We use the shows to have meetings with customers. We set up breakfast and lunch meetings, and it has great value and makes the show worth it. IFE is a great place to keep up with what’s happening globally. We’ve had good success at IFE and we have seen the return on investment.”

— Joe Mancewicz, ITW Shake Proof

“IFE provides an excellent opportunity to meet up and network with suppliers around the world, all under one roof. It’s an event I look forward to each year to network and build relationships with our supply base. “

- Jake Schmidt, Field Fastener

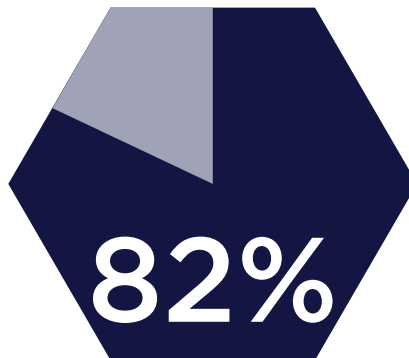

“We’ve been exhibiting at IFE for two decades and we always get new leads and new potential customers. Somebody new is always coming up to us, so it’s a great opportunity. We will definitely be back.”

— Christopher Brynolf, Brynolf Manufacturing
